THE YOUNGEST EDITOR FOUND AT LAST.—We are sorry to relieve the young editors of the Munroe *Enterprise* of their short-lived honors as the youngest editors in the State, but the axe must fall. W. A. He is though, a well grown, stout young man, good looking, fond of the girls, and writes a good article.

THE DAILY NEWS.

VOL. II. RALEIGH, N. C., FRIDAY MORNING, AUGUST 1, 1873. NO. 135.

OLD FORT, McDOWELL COUNTY.

Its True History—By Whom, and for What Purpose it Was Erected—A Blank in North Carolina History Supplied.

Our talented traveling correspondent, "G.," who is now touring the mountains of North Carolina, furnished the readers of the NEWS with a very interesting letter from Old Fort, McDowell county, in its Tuesday's issue.

In his reference to Old Fort, G. has fallen into the popular error that it "was originally an outpost, built by the early Colonial Government as a defense against the Indians." We have searched Wheeler, which contains more information than any other North Carolina history, in vain to find any mention of Old Fort; but in the Colonial Archives of the Province of North Carolina, now in preservation in the Governor's office, we find sufficient evidence that Old Fort was erected by King George, through Governor Arthur Dobbs in 1757, for the Catawba tribe of Indians, as a defense for their wives and children, while they were battling with the English against the French in their war on the Colonies.

Wheeler says in his history of the administration of Governor Arthur Dobbs, (who was appointed by the crown in 1754,) "He adopted measures to conciliate the Indian tribes, now important by the advances of the French on the Ohio."

This is the only reference we find in Wheeler, in regard to Governor Dobbs and the Indians, but we will make this add much to our purpose.

After a long search in the Governor's office among the old Colonial papers, we found the following message from Governor Dobbs to the General Assembly, dated Nov. 30th, 1757, which we will proceed to put in print for the first time. We copy from the original manuscript, bearing the signature of Gov. Dobbs by his own hand:

"*Mr. Speaker and Gentlemen of the Assembly:*

Mr. Brown having brought me down from the Catawba nation some papers containing a strong talk from King Hagler and the Sachems, desiring that we would finish the fort we have begun, and make a law to prevent spirituous liquors being sold to their young men, I have sent the papers to you and desire you may take them into your consideration, and raise a sufficient supply to finish the fort, but as there have been several contradictory papers sent to the North and South Provinces, would not have the money issued until Mr. Adkins, who has a commission from his Majesty to transact all Indian affairs in the Southern provinces, shall arrive in South Carolina, and then proceed to the Catawba towns and know from the Indians whether it is agreeable to them that we should finish the fort, and if they should appear to dislike it, then the sum raised may be appropriated to other publick services in the Province.

Signed, ARTHUR DOBBS.

30 Nov. 1757."

The paper referred to by Governor Dobbs is a letter from King Hagler, of the Catawba Tribe, which we found enclosed with the message above. We copy from the original verbatim, &c:

"*Great Brother:*

Wee, for ourselves and all the Indians of the Catawba Nation do return you our harty thanks for the good Paper you made and sent us by the Commissioners Brown and Caswell, and for granting us a Fort agreeable to our request to protect our wives and children when wee go to wares with our brothers, the English, against our enemies, the French and their friends. You also have our thanks and good wishes for the powder and Led and other goods you have sent us, and for the great care you have made for us and our children. Wee desire you to make a Paper to KING GEORGE, our great father across the water, and let him know how much wee are his loving children, and that wee have the hatchet, strong and fast in our hands against the French, and we are resolved to die with our brothers, the English, and all go into the ground together. Wee hope you will not forget to send Smith and other tradesmen to teach our children and make them fear and love God as you do, that we be all loving brothers and one people. We have made a paper with strong talk and sent it to the Governor of South Carolina, to let him know that there is a fort being built agreeable to our desires and we think it greater to our precaution, and we approve much of it. If he says any more against it we are determined to go to Charles Town and tell him the Fort must and shall be erected. We greatly wonder what's the matter—are not all the Governor's under KING GEORGE, our Great Father. Brothers, what's the matter, that one Governor wants to hinder another from building a Fort. If it was the French that was to come here and build one, we should not make no wonder at it, but think him straight, but now we think him not straight, and his talk is crucket and not good. We desire that you'll send up brother Brown immediately to finish the Fort. * *

* * Wee desire you'll send up here the men that is to guard the fort and our wives and children as soon as possible, that we may be at all times ready to go to war when you think proper to call upon us. * * * *

There is many people that makes whisky and brings it to the Nation and sells it to the Indians by which means they get drunk and do great damage to white people and their own. Wee now desire you'l make a strong paper to put a stop to this bad Practice, if not wee shall be obliged to punish these white People ourselves which is what we are not fond of.

If the KING HAGLER had been well, we would have gon down to see you and to confirmed this talk with you and another great strange straight talk about the Fort we have made in another paper. * * * * * *"

This is dated October 5th, 1757, and is signed by King Hagler and ten of the Sachems of the tribe; the names are written in English opposite the original hierogliphics of the Indians.

There are other papers on file that will show the completion of the Fort by Commissioner Brown, but our object being to correct the popular error that Old Fort was built as a protection against the Indians, by early Colonial settlers, and to show that it was built for the protection of the friendly tribes against the French in the war of 1757, we regard the above as sufficient for the purpose.

TO "A VOTER."—A writer in the *Sentinel* of yesterday, signing himself "A Voter," after copying our notice of the proceedings of the Mayor's Court, when Stanford Cole, a policeman and ex-deputy sheriff, was bound over to the Superior Court for the larceny of a pocket book, says:

"May I ask the city papers to go to the Clerk's office and learn who has stolen from the people, and who are indicted for perjury?"

We would very respectfully inform the voting man that, as Local Reporter of the NEWS, we have on two occasions applied to the Clerk of the U. S. Circuit Court, A. J. Riddick, Esq., for the list of indictments made by the Grand Jury at the last term of the Court. This officer informed us that it was not his custom, nor did he ever permit a reporter to examine his bills of indictment before he was satisfied that the capiases were served. We thought the Clerk's reason was a very good one, and did not insist upon it. If the voting gent will obtain for us *official* information of any indictments against "revenue officers, who have stolen thousands and committed perjury to sustain them," we will publish the fact, but we are not the man to go off "half cocked," charging theft, perjury, fraud, corruption, etc., even upon the most abandoned wretch that crawls the earth, upon a bare street rumor, just to please "A Voter." This may be the style of the man that can vote, but not ours, and before we would resort to such means to make our columns attractive and interesting we would work on the street at 50 cents per day, and take city scrip at 25 per cent. discount for pay.

M. P. SMITH & Co.—These gentlemen have inaugurated an enterprise at Ridgeway, on the line of the R. & G. R. R., in the shape of a large fruit-drying establishment, which bids fair to play a most important part in the industries of this State. They have at present in their employ over one hundred persons, and for the next six or seven weeks to come will employ from three to four hundred hands. Apples and peaches and when the fruit crop is exhausted, will turn their attention to drying potatoes to be used in brewing malt liquors. This firm, it will be remembered, dried the meat with which the steamer Tigress was stored when she started on her search for the missing Polaris. Our people should encourage such gentlemen as Messrs. Smith & Co., when they engage in such enterprises, for such industries tend in no small degree to attract capital and give work to hundreds of idle hands. Our State is as fine a fruit growing country as can be found in this country, and if this pursuit is properly followed and fostered, it will prove a source of large revenue. Messrs. Smith & Co. are now advertising for fruit, and those having orchards would do well to read the announcement which appears in the NEWS. We shall have more to say of this subject before long.

THE MILBURN WAGON.—We were yesterday shown by Allcott, the grocer, the celebrated Milburn Wagon which is advertised by that gentleman in the NEWS as "the best." As a road wagon it is particularly adapted to our section, being light, but at the same time very strong and substantial. The manufactory for these wagons is in Indiana, but the manufacturers are Tennesseans. The cause of their great reputation is attributed to the fact that a piece of indifferent timber has never been found in any of their work, and especial pains taken for the proper seasoning of all the timber used by them. Mr. Allcott has now orders for over a hundred of the wagons to be delivered in the fall. They are sold at $110 delivered in Raleigh.

HENDERSON.—Henderson goes ahead of most other sections in the State as an attractive point for immigrants. Father McNamara tells us that a Catholic gentleman, named Walsh, has just purchased the famous peach orchard and surrounding property of Capt. A. B Andrews, of the Raleigh & Gaston Railroad. Henderson is an interesting locality—the lands are good, the climate is excellent, the society all that could be desired. Go it, Henderson. Continue to give immigrants best inducements to settle with you, and your locality will surpass all others in wealth and popu'ation.

TO BE REMOVED.—By an order issued at the headquarters of the Richmond and Danville Railroad, N. C. Division, the high bridge passing over the railroad at the Central depot is to be removed. This bridge was built by the North Carolina Railroad during the administration of Billy Smith for the convenience of foot passengers in the city living west of the road. It does not in any way interfere with the passage of the cars, and we cannot see the necessity of its removal, "but the edict has gone forth" and she must tumble.

A BRILLIANT CANVASS.—Mr. Geo. H. Snow is making a most brilliant canvass of the county, and at every point with telling effect. As a native of Wake county and a young man of superior attainments, with no party prejudice, he is one that everybody can vote for consistently, and we are glad to know that his election is a conceded fact. He will make an excellent representative.

GIVING CREDIT.—We endorse in *toto* the following from the Norfolk *Journal*:

What a deal of useless and unnecessary bother some newspapers are in the habit of making about what they call "giving credit?" Of course, when one newspaper appropriates an editorial or other original article of note from another, it is just and proper to make an acknowledgement, but as for tacking on at the end of every little selection the name of the paper it is copied from—it ought not to be required. What editor wants to half fill his columns with titles of newspapers?

VIRGINIA AND NORTH CAROLINA AGRICULTURAL SOCIETY.—We have received a pamphlet containing the rules and regulations, premium lists, &c., of this Society, for 1873. The Fair is to be held in the city of Norfolk, on October 7th, 8th, 9th and 10th. L. D. Starke, Esq., of Norfolk, is the President of the Society, and among the numerous Vice-Presidents are a number of prominent gentlemen of this State. We hope our sister city may have an exhibition worthy of her well known liberality and enterprise.

A CLOSE BUSINESS.—Mr. D. S. Hudgins, the ticket agent of the Raleigh & Augusta Air-Line Railroad, of this city, has succeeded in writing plainly and legibly a column of the DAILY NEWS on a postal card, containing 1,051 words. This is the largest number yet reached by any one that has attempted the feat of close writing, though Mr. Hudgins is satisfied that he can yet go higher by at least two hundred. The copy he wrote by was the Vienna letter of Col. Tucker, which contains a great many long words.

JUST LIKE A PREACHER.—Mr. McNamara telegraphed from Norfolk, to his brother, Rev. Father McNamara, of this city, Wednesday night, as follows: "Meet me at the Yarboro in the morning."

Father Mc. read the dispatch hastily, hurried home, returned, took the 1½ o'clock night train, and did not find out his mistake till he re-read his dispatch next day in *Tarboro*, when he discovered the T. was a Y. It is needless to say that his brother was some what surprised at not finding him on his arrival at the Yarboro House.

SUNDAY SCHOOL EXCURSION.—There will be a Sunday School excursion from Morrisville to Greensboro on the 8th inst. The train will stop at various points on the road, and a limited number of tickets sold at each place. The small sum of one dollar pays for the in attendance, and everything done to make the time pass off pleasantly to those who may participate. The train will leave the depot in this city at 5 a. m. on the day mentioned.

A BAD PRACTICE.—We have frequently complained of the evil practice indulged in by the boys of throwing stones in the street, and yet no steps are taken by the authorities to abate the nuisance. A few days since a child of Mr. Woodell, living on Newbern Avenue, while standing in the yard, was struck with a stone thrown by a boy in the street, and severely injured. It is a daily occurrence with the boys on this street, and they could be easily caught if the policemen would go for them.

NORFOLK AS A COTTON PORT.—It is a fact perhaps not known generally to our readers, but is nevertheless a fact, that Norfolk as a cotton port is the third largest in the United States, as will be seen by reference to a tabular statement in a recent number of the New York *Bulletin*. There has been received since Sept. 1st, 1872, at Norfolk 379,291 bales, which makes it the third largest on the list of all the principal cotton ports in this country.

"THE TORCH LIGHT."—This spicy and well edited monthly, published at Flat River, Orange county, has been received, and with pleasure we add it to our exchange list. Mr. W. A. Davis, the editor, is the nephew of our townsman, the Rev. A. W. Mangum. He is only fifteen years of age, but from the character of his articles, he carries on his shoulders a well developed, thirty year old head. The *Torch Light* is mailed to subscribers at 50 cents per annum.

STATE OF THE THERMOMETER.—The Thermometer yesterday was as follows at Branson's Book Store:

At 9 a. m.	83
At 12 m.	86
At 3 p. m.	88
At 6 p. m.	83

HOOK AND LADDER COMPANY NO. 1.—The members of this Company are reminded of their regular meeting this evening at 7½ o'clock. Members are notified to meet with caps and belts as at the close of the meeting the Company will parade for drill. The Cornet Band will be in attendance.

A RUMORED EXCHANGE OF CIRCUITS.—It is rumored and generally believed that Judge Tourgee and Judge Watts have made and exchange of circuits for the fall season, and Judge Tourgee will commence the circuit with Nash Court.

The prolonged drought has extended to Kingston, Jamaica. In New York the new Boyd's Corner reservoir is the only thing that has saved the city from a famine. In Baltimore no water passed over the dam at Lake Roland for some time before these recent rains, and the demand caused by the late fire lowered the surface of the water at least eight inches.

The United States has proposed to Great Britain an interchange of postal cards by the addition of one cent to the ordinary postage. The English authorities have declined, however, to lower their rates.

Vice-President Wilson will never exercise the functions of his office. The paralytic stroke has affected his face and impaired his speech.

The tenth resolution in regard to duties and imports declares that as long as such duties are necessary they should be imposed for the purpose of revenue only, and not for the purpose benefiting or encouraging private individuals or companies, or favoring a particular branch of industry at the expense of the whole people.

FRIDAY.....AUGUST 1, 1873.

THE ELECTION, AUGUST 7TH.

The election to be held in this State on the first Thursday in August, on the constitutional amendments, is one of vast importance to our people.

It involves vital changes in the organic law of the State.

For the information of voters, we publish on our fourth page, and shall keep standing until the day of election, the clauses in the Constitution proposed to be altered, together with the eight amendments that passed the Legislature by the requisite constitutional majority, and which are to be submitted to the people for approval or rejection, on Thursday, the seventh day of August next.

All the amendments proposed are necessary and important, and those who favor them should not fail to vote.

THE MANNER OF VOTING.

Constant inquiries are made of us concerning the manner of voting at the ensuing election in August.

For the information of voters, we have prepared the following instructions:

THERE MUST BE EIGHT BOXES.

There are eight amendments in all. As they are to be voted on separately, the poll-holders must have EIGHT BOXES for the ballots. Each box should be labeled with a written or printed form, specifying the particular amendment to be voted on in said box.

THERE SHOULD BE EIGHT LABELS.

The following are the eight forms which should be labeled on the eight boxes, respectively:

I.

Amendment to the Constitution of North Carolina in relation to the Public Debt.

II.

Amendment to the Constitution of North Carolina in relation to the office of Superintendent of Public Works.

III.

Amendment to the Constitution of North Carolina in relation to the State Census.

IV.

Amendment to the Constitution of North Carolina in relation to exemption from taxation.

V.

Amendment to the Constitution of North Carolina in relation to the University.

VI.

Amendment to the Constitution of North Carolina in relation to the sessions of the General Assembly.

VII.

Amendment to the Constitution of North Carolina in relation to the Code Commissioners.

VIII.

Amendment to the Constitution of North Carolina in relation to Federal and other officers holding office.

These labels should be printed, either with the words "*For Amendment*" or the words "*Against Amendment.*"

Persons voting for the amendments should use the former, while those voting against the amendments the latter.

THE POLLS.

Sheriffs must open the polls at the several election precincts in their respective counties on the seventh day of August, at eight o'clock in the morning and keep them open until seven o'clock in the afternoon.

WHO MAY VOTE.

Every person qualified to vote according to the Constitution may vote for or against each amendment.

RATIFICATION.

At the close of the polls, the judges of the election shall count out separately the number of votes cast for and against each amendment. After all the returns from each county have been officially counted, it will then be ascertained which of the amendments have been ratified, if any, and which rejected. The amendments which receive a majority of the popular vote of the State will be duly ratified and become then a part of the Constitution of North Carolina. A part or all of them may be either ratified or rejected.

The amendment relating to the University should be adopted, because the University is NOW DEAD, and the amendment will put it in the power of the Legislature to *bring it to life again.*

The amendment relating to the Code Commission should be adopted, because if the clause it amends is "*trebly dead* and mere surplusage," it should be stricken out.

The amendment relating to the Superintendent of Public Works should be adopted, because there is no use for the people to be taxed to support such an unnecessary office, and the amendment proposes to abolish it altogether.

The amendment relating to Federal and other office-holders should be ratified, because it prohibits persons who hold offices at the hands of the United States Government from holding State offices or seats in the Legislature.

The amendment in regard to Exemption from Taxation should be ratified, because it allows an exemption of three hundred dollars of ANY KIND of property, whereas the present Constitution exempts only a certain class of property. This amendment will help the poor man.

The amendment relating to the State Census should be adopted, because there is no use in taking a census in 1875 and every ten years afterwards, at great expense to the taxpayers, when the same work is done by the National Government. The cost of taking a census in North Carolina cannot be less than *five hundred thousand dollars!*

The amendment to this section by inserting "instruments," the word

MECHANICS' AND WORKINGMEN'S JOURNAL.

We have received the prospectus of a new weekly paper with the above title, which will be issued from this city on Wednesday, August the 6th.

Who the Editors and Proprietors are is not stated, but the prospectus is signed, "Board of Managers."

The object of the paper is stated to be "to forward the interests of that class of our citizens who labor for their bread, whether as manual laborers merely, or as skilled workmen. It will advocate the organization of Associations among the different laboring classes, not for aggressive purposes, but as a measure of self-protection, and for their advancement in moral and intellectual culture."

If the new journal shall prove true to the above mission, we shall cheerfully endorse its course.

The prospectus refers to the combinations of other classes—"among the Railroads, Telegraph Companies, the Manufacturers of Sewing Machines, and other articles, the learned professions, and among the farmers, the last being called the Patrons of Husbandry," and says with reason that "concert of purpose and definite plan of conduct necessary at all times among workingmen, is rendered still more imperative by these numerous associations among the vast moneyed interests of the country."

We shall not prejudge the *Mechanics' and Workingmen's Journal.*

If it prove true to the real interests of the workingman, we shall commend it as worthy of their support and patronage. If it prove untrue thereto, we shall denounce and condemn it. If it announces dangerous and agrarian doctrines, we shall not mince words in exposing its true character and unmasking it before the gaze of the public.

Who the Editors and Proprietors are, what right they have as workingmen to speak for and in behalf of the laboring classes, and to become their special champions, are questions which, while they concern the public, are not so important as others, namely, will this new paper be conducted in a spirit worthy of our mechanics and workingmen? and will the principles it may advocate be such as shall entitle it to the approbation and support of right-minded men among the classes whose interests it professes to have at heart?

The organ of workingmen should be independent, fearless, and high-toned. It should not hesitate to denounce wrong and oppression in the ranks of employees as well as employers. It should not bow before the storm of prejudice, nor heed the fury of the mob, but should rebuke illegal combinations, whether among workingmen or any down such despotic intimidation and lawlessness as were witnessed on the principal business street of Raleigh a few weeks since, when honest laborers were forced to abandon the terms of their contract by certain *robust demonstations* which were disgraceful to the city.

REV. SOLOMON POOL.

The individual whose name heads this article wrote a letter to the *Sentinel*, in reply to a communication in that paper over the signature of "C. P. S.," giving some account of the vandalism at Chapel Hill.

The *Sentinel* very properly refused to publish Pool's letter, for it was not only unworthy of publication, but a reproach to its author and the holy calling of a minister of the Christian religion.

Not being successful in obtaining a hearing through the *Sentinel*, the Reverend Solomon Pool publishes his scandalous and indecent letter in the last *Era*. It abounds in wicked insinuations and criminal charges against a lady of Chapel Hill, whose high character and spotless reputation have never before been assailed and against whom backwounding calumny has never before uttered its foul breath.

The charges made by "C. P. S." in the *Sentinel* were of the same character as those by Col. William L. Saunders, of the Wilmington *Journal*, and Col. John W. Cameron, of the Hillsboro *Recorder*, both of whom after a personal inspection of the dilapidated condition of the University, gave a detailed account in their respective papers of the VANDALISM which has defaced the buildings and despoiled the libraries and other property belonging to that institution. The revelations made by these *gentlemen* present the same features of decay and wanton destruction of property as does the letter of the *lady* who wrote the communication to the *Sentinel*.

Why does the Reverend Solomon Pool treat with silence the articles of Col. Saunders and Col. Cameron, and reserve the vials of his indignant wrath, and malice, and venom, to pour upon the unprotected head of a defenceless woman?

The character of Pool's letter is such as will sink him forever into fathomless infamy. It is the emanation of a perverted brain and a malicious heart. It is a dastardly and fiendish attack upon female character, which will rebound with deadly force upon the vile and ruthless assailant. It displays such heartlessness, such shamelessness, such a reckless disregard of every instinct of true manliness and honor, as will make the name of Solomon Pool a bye-word of reproach and loathing in North Carolina, for all future time.

GEORGE H. SNOW, ESQ.

We are gratified to hear of the good impression Mr. Snow is making throughout the county. He is winning a reputation for ability and zeal as a canvasser of which his friends may well be proud. He has had good crowds everywhere he has thus far spoken, and is listened to with respectful interest by all parties. He is fighting fraud and corruption, and if elected he will be able to be of some service in the Legislature to the people of Wake county.

If the accounts we receive from the sections in which Mr. Snow has spoken can be relied on, his prospects are very good.

The amendment relating to the State debt ought to be adopted, because as the Constitution now stands our creditors have a MORTGAGE on all the taxable property in the State, which this amendment proposes to cancel. This will put it in the power of the Legislature to adjust the debt. To enforce payment of the interest and principal of the public debt WOULD BANKRUPT THE STATE.

The amendment relating to the sessions of the General Assembly should be ratified, because it provides that the Legislature shall meet once in two years, and not every year—thus preventing confusion in the enactment of laws and saving annually to the people *one hundred and fifty thousand dollars!*

SPECIAL NOTICES.
BILIOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Billiousness." In many cases of "Liver Complaint" only part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal. It effects perfect cures, leaving the system strengthened and healthy. Sold by all first-class druggists.
How unnecessary the anguish that persons undergo from rheumatism, sciatica, neuralgia, toothache and earache. What unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the ear in case of tooth, affords instantaneous, and speedy, better, permanent relief. For cuts, wounds, bruises, swellings, and all injuries or diseases which require treatment externally this Liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.
His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:
"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an apperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art. H. POTTER.

Says the *Roanoke News* of Wednesday, 30th ult: "On Sunday night, 27th instant, some person called on Mr. Lewis Edwards at his residence, about eight miles from Rocky Mount, remarking that he had some papers from a gentleman for him. Mr. E. went out to the gate and the party began to look over some papers. It being too dark to see, Mr. Edwards remarked that he would get a light, and started to the house for that purpose. As soon as he passed through the gate he was struck a severe blow with an axe. The axe just missed his head, the helve striking him on the shoulder, felling him to the ground, where he was struck again in his side, breaking several ribs. His screams frightened the party off. Mr. Edwards was unable to recognize the person, but from his voice and boot track, believes it to be a negro named Jones, living near him. Jones is now under arrest. Mr. Edwards' wounds are very severe, but are not considered fatal."

Rochester, New York, is grieving over the depravity of human nature as shown in a neat little swindle in furnishing the arsenal. The building was furnished with carpets, plain but substantial, by the municipality. That did not suit these military sybarites. They had the carpets taken up, and new and expensive ones furnished. Rugs, ottomans, hassocks, mats and other articles were ordered to correspond. Chairs, tables, wardrobes, sofas, brackets, cornices, book cases, goblets, sherry, champagne and celery glasses were also furnished and charged. The arsenal must have been, in fact, something between a first-class hotel and a club house. The matter has been investigated and settled by a Court of Inquiry at Albany.

Don't tell us there is nothing in dreams. A man down in Tennessee dreamed that two certain numbers would draw each ten thousand dollars in the Public Library drawing, and so impressed was he by the vision that he came all the way to Louisville to find the tickets, which he succeeded in doing, after a day's search. And he says now that if he had even gotten his twenty dollars back he would have been better satisfied than he is.—*Louisville Courier.*

There is a German in Baltimore who has been in this country twenty-five years and can't speak a word of English. There is also a married German woman in the same city, whose children were born in this country and speak English without foreign accent, who can understand nothing but German. One night last week a man named Munn, living near Greenville, Ky., while out coon hunting, stumbled on a cave which he explored. His adventure was rewarded by finding an iron box containing 50 gold dollars and some silver coin. None of the pieces bear a later date than 1820.

THE ATLANTIC TENNESSEE & OHIO R. R. IMBROGLIO.—It will be remembered by our readers that some weeks ago a meeting of the stockholders of this railrosd was held in Statesville, when a Board of Directors were chosen who elected Mr. R. I. McDowell, President, *vice* Col. Johnson, of Charlotte. Col. Johnston refused to surrender the road to the control of the newly elected Directors and President on the ground that the election was illegal. Shortly after the Statesville meeting, Col. Sharpe and other appointees of the new regime took possession of some of the trains on the road while Col. Johnston was absent. Some of the officials recognized the new order of things, while others wavered not in their allegiance to the old. The following from the Charlotte *Observer* of the 30th ult. gives a continuation of the history of this imbroglio:

"On Monday evening there was another sensation in railroad quarters. When the train arrived in Statesville at 7 p. m., as we are informed, Col. Sharpe, the Superintendent, and perhaps others, were arrested upon a warrant issued by E. B. Stimson, J. P. The proceedings, we hear, were instituted under the Act of Assembly known as the Forcible Entry and Detainer Act, and the parties were being tried at the last advices.

What judgment was rendered, or what judgment can be rendered, under the law as it now stands, we are not sufficiently versed in legal knowledge to say. Formerly (if we are not mistaken) under such proceedings, when the judgment was rendered in favor of the party complaining, a warrant of restitution was issued, and the party placed in possession of the property which had been illegally and forcibly detained. Whether that can be done under the present system is a nut to be cracked by legal gentlemen.

In this trial at Statesville, Col. R. F. Armfield and W. P. Caldwell, Esq., appeared for Colonel Johnston, and T. S. Tucker and D. M. Furches, Esqs., for Mr. McDowell. The jury was empannelled, and the case tried in the depot of the A. T. & O. Railroad, as we hear.

At a certain stage of the proceedings, the conductor, acting under the advice of Col. Sharpe, ordered the train out, and left Statesville at 10 o'clock, arriving in Charlotte at 2 a. m.

Col Johnston and Conductor (or ex-Conductor if you please) Hand, went up to Statesville on Monday afternoon. Mr. McDowell and Gen. Rufus Barringer went up yesterday afternoon.

The troubles have occasioned great excitement in this place, and further developements are waited for with almost painful suspense.

For information concerning the running of trains, we refer to the advertisement of Mr. McDowell in another column.

An Indiana man who shot another, and afterwards repented, wrote to his victim that if he would only get well he would give him $10,000. The wounded man said he was willing to get well at any price.

FRIDAY.....AUGUST 1, 1873.

THE CONSTITUTIONAL AMENDMENTS.

In order that the people may vote understandingly on the amendments to the Constitution, at the ensuing election, we deem it necessary to give in full the clauses in that instrument proposed to be altered, together with the alterations themselves.

FIRST: IN RELATION TO THE PUBLIC DEBT.

The present Constitution in Article I, Declaration of Rights, provides as follows:

"Sec. 6. To maintain the honor and good faith of the State untarnished, the public debt, regularly contracted before and since the rebellion, shall be regarded as inviolable and never be questioned; but the State shall never assume or pay, or authorize the collection of any debt or obligation, express or implied, incurred in aid of insurrection, or rebellion against the United States, or any claim for the loss or emancipation of any slave."

This section is amended by striking out the first clause down to and including the word "but," so that the amended clause in Article I will then read:

"Sec. 6. The State shall never assume or pay, or authorize the collection of, any debt or obligation, express or implied, incurred in aid of insurrection or rebellion against the United States, or any claim for the loss or emancipation of any slave."

Another alteration in regard to the public debt is provided for in the same amendment, by striking out section 4, Article V of the present Constitution, which is as follows:

"Sec. 4. The General Assembly shall, by appropriate legislation and by adequate taxation, provide for the prompt and regular payment of the interest on the public debt, and after the year 1880, it shall lay a specific annual tax upon the real and personal property of the State, and the sum thus realized shall be set apart as a sinking fund, to be devoted to the payment of the public debt."

So that the above section will be entirely stricken out and the amended Constitution will not make it compulsory on the Legislature, by express language, to provide for the payment of interest and principal of the public debt.

SECOND: IN RELATION TO THE OFFICE OF SUPERINTENDENT OF PUBLIC WORKS.

Article III, section 1, of the present Constitution names among the other officers of which the Executive Department shall be composed, a Superintendent of Public Works, who shall be elected for a term of four years by the qualified voters of the State, at the same time and places, and in the same manner as members of the General Assembly.

The amendment proposes to strike out the words "Superintendent of Public Works" wherever they occur in the Constitution, thus abolishing that office.

THIRD: IN RELATION TO THE STATE CENSUS.

In the present Constitution, Article II, the following provision is made for taking a State Census:

"Sec. 5. An enumeration of the inhabitants of the State shall be taken under the direction of the General Assembly in the year one thousand eight hundred and seventy-five and at the end of every ten years thereafter; and the said Senate Districts shall be so altered by the General Assembly, after the first session after the return of every enumeration taken as aforesaid, or by order of Congress, that each Senate District shall contain, as nearly as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators."

The amendment proposed to this Article is to strike out all that precedes the words, "the said Senate Districts," in section 5, and to strike out the phrase "as aforesaid, or," the parts so stricken out relating to the census, so that the section as amended will read:

"Sec. 5. The said Senate Districts shall be so altered by the General Assembly at the first session after the return of every enumeration taken by order of Congress, that each Senate District shall contain, as nearly as may be, an equal number of inhabitants, excluding aliens and Indians not taxed, and shall remain unaltered until the return of another enumeration, and shall at all times consist of contiguous territory; and no county shall be divided in the formation of a Senate District, unless such county shall be equitably entitled to two or more Senators."

The object of this amendment is to do away with the unnecessary expense of taking a State census under the direction of the General Assembly, inasmuch as the same work is done by the national Government.

FOURTH: IN RELATION TO EXEMPTIONS FROM TAXATION.

The present Constitution, Article V Revenue and Taxation, provides as follows:

"Sec. 6. Property belonging to the State or to municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries, and property held for educational, scientific, literary, charitable or religious purposes; also wearing apparel, arms for muster, household and kitchen furniture, the mechanical and agricultural implements for mechanics and farmers, libraries and scientific instruments, or any other personal property, to a value not exceeding three hundred dollars."

The amendment proposes to change this section by inserting after the word "instruments," the words "or any other personal property," so that the section as amended will read:

"Sec. 6. Property belonging to the State, or to municipal corporations shall be exempt from taxation. The General Assembly may exempt cemeteries, and property held for educational, scientific, literary, charitable or religious purposes; also wearing apparel, arms for muster, household and kitchen furniture, the mechanical and agricultural implements of mechanics and farmers, libraries and scientific instruments or any other personal property, to a value not exceeding three hundred dollars."

FIFTH: IN RELATION TO THE UNIVERSITY.

The present Constitution, Article IX, has the following on the subject of the University at Chapel Hill:

"Sec. 5. The University of North Carolina, with its lands, emoluments and franchises, is under the control of the State, and shall be held to an inseparable connection with the free public school system of the State."

The amendment proposes to strike out this section entirely, thus severing the University from the common school system, and insert the following in lieu thereof, so that the amended Constitution shall read:

"Sec. 5. The General Assembly shall have power to provide for the election of trustees of the University of North Carolina, in whom when chosen shall be vested all the privileges, rights, franchises and endowments heretofore in anywise granted to or conferred upon the trustees of said University; and the General Assembly may make such provisions, laws and regulations, from time to time as may be necessary and expedient for the maintenance and management of said University."

The following sections of Article IX, relating to the University, are also stricken out:

Sections 13, 14 and 15, relating to the appointment of trustees by the Board of Education, and the officers powers and rights of the trustees. These matters will hereafter devolve on the Legislature, if the amendment relating to the University is ratified.

SIXTH: IN RELATION TO THE SESSIONS OF THE GENERAL ASSEMBLY.

The present Constitution, Article II Legislative Department, provides as follows:

"Sec. 2. The Senate and House of Representatives shall meet annually on the third Monday in November, and when assembled shall be denominated the General Assembly."

This section is to be amended by striking out the word "annually," and inserting in lieu thereof the word "biennially," so that the section amended shall read:

"Sec. 2. The Senate and House of Representatives shall meet biennially on the third Monday in November, and when assembled shall be denominated the General Assembly."

This amendment also strikes out the word "annually" in section 6, Article III, and inserts the word "*biennially*," in reference to the requirement of the Governor to communicate to the General Assembly each case of reprieve, commutation or pardon.

SEVENTH: IN RELATION TO THE CODE COMMISSION.

The present Constitution, Article IV Judicial Department, makes the following provisions concerning the Code Commissioners:

"Sec. 2. Three Commissioners shall be appointed by this Convention to report to the General Assembly at its first session after this Constitution shall be adopted by the people, rules of practice and procedure in accordance with the provisions of the foregoing section, and the Convention shall provide for the Commissioners a reasonable compensation.

Sec. 3. The same Commissioners shall also report to the General Assembly as soon as practicable, a code of law of North Carolina. The Governor shall have power to fill all vacancies occurring in this commission."

The amendment proposes to strike out both these sections, thus abolishing the Code Commission.

EIGHTH: IN RELATION TO FEDERAL AND OTHER OFFICE-HOLDERS.

The present Constitution, Article XIV, provides as follows:

"Sec. 7. No person shall hold more than one lucrative office under the State at the same time: *Provided*, That officers in the Militia, Justices of the Peace, Commissioners of Public Charities and Commissioners appointed for special purposes, shall not be considered officers within the meaning of this section."

The amendment proposes that this section shall read as follows:

"Sec. 7. No person who shall hold any office or place of trust or profit under the United States, or any department thereof, or under this State or any other State or Government, shall hold or exercise any other office or place of trust or profit, under the authority of this State, or be eligible to a seat in either House of the General Assembly: *Provided*, That nothing herein contained shall extend to officers in the Militia, Justices of the Peace, Commissioners of Public Charities or Commissioners for special purposes."

There were eighteen amendments originally proposed, but the eight above specified were all that passed the General Assembly by the requisite two-thirds majority.

These eight amendments are to be submitted separately for ratification or rejection, at the election to be held on Thursday, the seventh day of August. Any person qualified to vote may vote for or against each amendment, with a written or printed ticket with the words "For Amendment," or "Against Amendment." The amendments that receive a majority of the popular vote will be duly ratified. A part or all of them may be either ratified or rejected.
